

First Announcement, August 2016

“Interaction between Sample Collection / testing authority and the Doping Control Laboratories to implement latest guidelines in Human and Horse Doping”

Dear Colleagues,

National Dope Testing Laboratory (NDTL), India is pleased to inform about the hosting of International conference on ***“Interaction between Sample Collection / Testing authority and the Doping Control Laboratories to implement latest guidelines in Human and Horse Doping”*** on 4th – 5th November, 2016 at ***The Theatre, India Habitat Centre, New Delhi, India.***

This announcement serves as a **First Call for the conference.**

(i) Registration and Accommodation

- For planning, we kindly request you all to block the dates in your calendar. We will update you more on the details about the conference very soon on the website.

(ii) Benefits to Participants

- Exchanging experiences on common problems and issues in the development of latest guidelines in Human and Horse Doping;
- Encouraging cooperation between Sample collection / Testing authority and the Doping Control Laboratories;
- Increased knowledge and experience to take away and implement.

Look forward to have meaningful interaction to improve further in our understanding of the guidelines.

Kind regards

Sd/-
