

Memorandum of Understanding (MoU)

The National Dope Testing Laboratory (NDTL) signed an MoU with the National Institute of Pharmaceutical Education and Research (NIPER)-Guwahati, effective from 1st August, 2020, with the avowed objectives to carry out multidisciplinary research and development activities in the areas of synthesis and characterization of certain drugs and their metabolites used by dope testing laboratories world over. Further, it is envisaged that the knowledge-sharing between the two National Scientific Institutes in the specified areas will immensely help facilitate not only in synthesis of standards of rare drugs/metabolites prohibited in human sports but also contribute to the cause of Anti-Doping science to a great extent. The research activities will also engage MS Pharma and Ph.D. students between the two Institutes leading to award of their respective Degrees.

NDTL and NIPER-G Signing the MoU
